

## Malahide Lawn Tennis Club

The Club will be running a number of Junior Summer Tennis Clubs over the summer

These Clubs will operate under the National and Tennis Ireland COVID19 Management guidelines and will be supervised by Licenced Tennis Coaches

Juniors will be expected to be familiar with and follow all the COVID19 precautions. We can only accommodate Juniors aged 6 and above. The eligibility age is the date at the first day of the specific summer club being booked.

Each junior must complete a COVID19 Screening form (see page 2) and bring to the club on first day of their Club. You will not be allowed to attend if this is not completed

Places on each club are limited and only for club members

To reserve your place and pay you must do it via the Juniors (or Family Membership) SmartCloud Account  
Fees are non-refundable

As the Club will have continuous play (with a 15-minute snack break) please ensure that your child has a breakfast or lunch before attending

Children must bring/wear::

- Own Racket
- Warm Clothes
- Hand sanitizer
- Healthy Snack and Drink
- Cap
- Sunscreen

Juniors will not be allowed to leave the club grounds at any stage and must be collected promptly from the clubhouse at the end of their session

Malahide Lawn Tennis Club

YES NO

I, the undersigned, accept and support the measures by Malahide Lawn Tennis Club as a means to try and prevent the spread of COVID-19 amongst players and support personnel.

I have completed this form truthfully and accept willingly that because of my responses above that Malahide Lawn Tennis Club, in accordance with its current procedures, may deny me entry to the Club for a period of time.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Further to the outbreak of COVID -9 (Coronavirus), Malahide Lawn Tennis Club is adhering to guidance from Tennis Ireland and the Department of Transport Tourism and Sport Expert Group in an effort to contain the spread of the Covid-19 virus and ensuring a safe environment for players and staff.

This screening procedure is one of our measures seeking to identify any potential cases at the earliest opportunity in order to avoid any contacts/spread. The research to date for this novel virus suggests that transmission appears to be during symptomatic phase. Hence identifying those with symptoms and isolating should reduce risk significantly. In addition, this screening complements our general illness precautions which is to avoid contacts when ill.
